Sneha Kulkarni

Web Developer

SUMMARY

Web Developer with 4 years of experience building and shipping real projects. Hands-on with CSS, CSS and TypeScript. Comfortable working in a fast-paced team environment.

SKILLS

Css3, ML, HTML, React, JavaScript, SQL, Python, Pandas, Angularjs, TypeScript

EXPERIENCE

Web Developer, Quantix Labs (2024 - Present)

- Documented processes and presented results to stakeholders
- Participated in sprint planning and daily stand-ups with the wider team
- Automated repetitive tasks using JavaScript, saving roughly 15 hours per week

Junior Web Developer, Northwind Technologies (2022 - 2024)

- Collaborated with cross-functional teams to ship features built on JavaScript
- Mentored junior team members and conducted code reviews focused on SQL
- Automated repetitive tasks using Ecmascript, saving roughly 30 hours per week

PROJECTS

- Open-source contribution: added features and fixed issues involving SQL
- Capstone project: built an end-to-end solution using HTML and Ecmascript

EDUCATION

MCA, Computer Applications
