Diya Nair

Data Analyst

SUMMARY

Data Analyst with 3 years of experience building and shipping real projects. Hands-on with TensorFlow, Python and Python. Comfortable working in a fast-paced team environment.

SKILLS

HTML, Machine Learning, Deep Learning, PyTorch, Python, Git, TensorFlow

EXPERIENCE

Data Analyst, Helios Digital (2025 - Present)

- Participated in sprint planning and daily stand-ups with the wider team
- Automated repetitive tasks using PyTorch, saving roughly 40 hours per week
- Documented processes and presented results to stakeholders

Junior Data Analyst, Cedar Peak Solutions (2023 - 2025)

- Optimized TensorFlow workflows, reducing turnaround time by 20%
- Mentored junior team members and conducted code reviews focused on Machine Learning
- Developed and maintained solutions using TensorFlow and TensorFlow, improving delivery speed by 25%

PROJECTS

- Capstone project: built an end-to-end solution using PyTorch and Deep Learning
- Personal project: implemented and documented a working prototype with TensorFlow, ML and ML

EDUCATION

BCA, Computer Applications
