Aarav Mehta

Data Scientist

SUMMARY

Data Scientist with 6 years of experience building and shipping real projects. Hands-on with Statistics, Data Visualisation and SQL. Comfortable working in a fast-paced team environment.

SKILLS

Machine Learning, SQL, TensorFlow, Data Visualisation, Statistics, PyTorch, Numpy, Python, Pandas, Deep Learning, Sklearn

EXPERIENCE

Data Scientist, Vertex Cloud (2023 - Present)

- Developed and maintained solutions using Pandas and Python, improving delivery speed by 15%
- Mentored junior team members and conducted code reviews focused on Statistics
- Documented processes and presented results to stakeholders

Junior Data Scientist, Vertex Cloud (2020 - 2023)

- Designed and implemented components with Statistics, Data Visualisation and Numpy
- Optimized Statistics workflows, reducing turnaround time by 25%
- Developed and maintained solutions using PyTorch and TensorFlow, improving delivery speed by 40%

PROJECTS

- Capstone project: built an end-to-end solution using Data Visualization and Numpy
- Open-source contribution: added features and fixed issues involving Data Visualization

EDUCATION

B.E. in Information Technology
