Rohan Iyer

Full Stack Developer

SUMMARY

Full Stack Developer with 5 years of experience building and shipping real projects. Hands-on with Vuejs, Html5 and Node Js. Comfortable working in a fast-paced team environment.

SKILLS

Angular, Node.js, Vue.js, TypeScript, CSS, HTML, Express, React, JavaScript, SQL

EXPERIENCE

Full Stack Developer, Vertex Cloud (2024 - Present)

- Developed and maintained solutions using SQL and JavaScript, improving delivery speed by 15%
- Participated in sprint planning and daily stand-ups with the wider team
- Documented processes and presented results to stakeholders

Junior Full Stack Developer, Cedar Peak Solutions (2021 - 2024)

- Mentored junior team members and conducted code reviews focused on JavaScript
- Designed and implemented components with Express, Express and CSS
- Automated repetitive tasks using Express, saving roughly 35 hours per week

PROJECTS

- Personal project: implemented and documented a working prototype with SQL, TypeScript and Vue
- Capstone project: built an end-to-end solution using TypeScript and Angular

EDUCATION

M.Tech in Computer Science
